Dear friends,

We've had a very dynamic and busy winter so far, celebrating a bunch of firsts. **Justin de Luna** and **Winnie Ho** had their first shot at curating a totally in person (and might we add stunning!) edition of **Queer Performance Camp** in February ([photos here](#)). In March, we welcomed 45 emerging choreographers and students into our space (for many, it was their first time) for the second edition of **Taking the Leap**, followed by a fun **5@7 Dansant** ([see photos here](#)). Finally, just a few weeks ago we teamed up with **LA SERRE — arts vivants** to offer an enhanced and sold-out edition of **Grant Spa**, and we will surely renew this win-win partnership next season.

Meanwhile, spring has certainly sprung among our team members, heralding many transitions and new beginnings. In February, we welcomed **Caro Morcos**, a performance artist, who's taken 303 workshops and is currently studying at HEC, as our new Workshop Coordinator. And in March we announced big changes in Studio 303's leadership: our dear **Miriam Ginestier**, Studio 303's long time Artistic and General Codirector will be leaving us at the end of June! ([See her letter here](#)). **Kim-Sanh Châu** will assume the role of Artistic Director while a **General Manager** will be hired as of June ([See job posting here](#)).

Until then, we've got a lot going on and we look forward to seeing you around in May and June (see calendar below). Our **open-level class series** features a new acting class with **Lenore Claire Herrem** and includes 4 recurring classes beginning May 1st. You can taste-test what's on offer at the **Free Class Day** on April 29th. On May 12th, we're having a **casual 5@7** – some of you may know **Yumiko Yoshioka**, an extraordinary Butoh artist who has taught and performed chez nous countless times since 2003 (20 years!) ; she'll be there, please drop by!

During the **FTA** and **OFFTA**, Studio 303 is producing SPARK Series, including 4 showcases for visiting professionals: featuring work by **Aisha Sasha John**, **Dorian Nuskind-Oder**, **Émile Pineault**, **Erin Hill**, **Lauranne Faubert-Guay**, **Nate Yaffe**, **Winnie Ho** as well as a **CCOV**-curated presentation by their emerging artists in residence. Our SPARK Series also features two FREE public events: **Performative Discussion** and **À Table**. And our final event of the year will be a farewell celebration for Miriam, on Thursday June 29th. We hope you can join us!

love

Team 303

PS: Codirector **Kim-Sanh** is currently touring her solo *Bleu Néon* in Vietnam and in the Philippines, trying out a new touring model whereby her collaborators (**Chittakone Baccam + Louise Michel Jackson**) are sharing their own creations too. She's also meeting lots of artists and presenters as a 303 representative, with the support of the Conseil des Arts de Montréal.
