G&G Episode 13 : Miriam

Published July 2, 2021

One of our newer members, Miriam (co-director of Studio 303), talks about her 30-year history of organizing queer events and shares her experience at the infamous Sex Garage raid in Montreal and the Voodoo club in Toronto in the 80s. We also talked about changes in media consumption, de-institutionalization and coping with the pandemic.

The Gay & Grey Montreal Podcast is a proud new member of the Upford Network of podcasts! This network was an obvious choice for us knowing how committed they are to providing queer-friendly programming and supporting the community.
